Jim:

a The attached file indicates clear-cut agreement has been reached with AD/P regarding the Travel functions performed by Central Processing.

The contemplated revisions in [redacted] and [redacted] will not be made immediately for economy reasons but they will be adjusted when other changes warrant reprinting.

Unless you advise to the contrary, I will assume this is OK.

With respect to your travel Regs., is there any other action you would like A-DD/A to take?
